# Botanica

Soft and fresh, botanica is Planterra's signature theme.

It features a number of unique natural elements such as air plants, eucalyptus, and ginkgo leaves; in tones of blue-green, silver, and gray. This versatile palette beautifully compliments both cool and warm color spaces, contemporary and classic.

# Blue Solstice

Blue Solstice is cozy and cool, inspired by Scandinavian holiday decor.

It features blueberries, navy and silver ornaments, blue Botanicals, and blue-green frosted branches, over a gray faux fur and sequin skirt. This theme is an excellent choice for spaces in white, grey, or black Neutrals. It's also an ideal companion to a Hanukkah display with menorah.

Planterra®

Our most playful and bold theme, Red Pop celebrates the season with fun and joy.

This theme features a collection of red and black polka dots, candy stripes, gingham, and a thick black sequin skirt. Red pop is a great choice for spaces with black, white, or grey color design, and it pops beautifully in a bright white space.

# Classic

**Classic's versatility looks beautiful in nearly any space.**

The Classic theme is our most economical style and features a cool mixed metallic palette, over a lightly flocked evergreen base, with a silver/gray skirt.

*One additional accent color may be added to this tree at no additional charge. See "classic color enhancements" chart for options.*

Planterra®

Elegant and charming, the Snowball theme blends a variety of whites and textures for the perfect wintery look.

Inviting a closer look, are a variety of playful elements such as snowballs, snowflakes, and arctic animals, all complemented by silver and pewter accents, along with a luxuriously textured faux skirt.

# About Planterra

We are a leading provider of interior landscape services and plant rentals serving corporate campuses of the Fortune 500, medical facilities, hospitality properties and premier retail destinations. Equipped to manage clients with multiple locations, Planterra's national account program includes styling, formatting, procurement, and maintenance of office plants and interior holiday decorating across the United States and Canada.

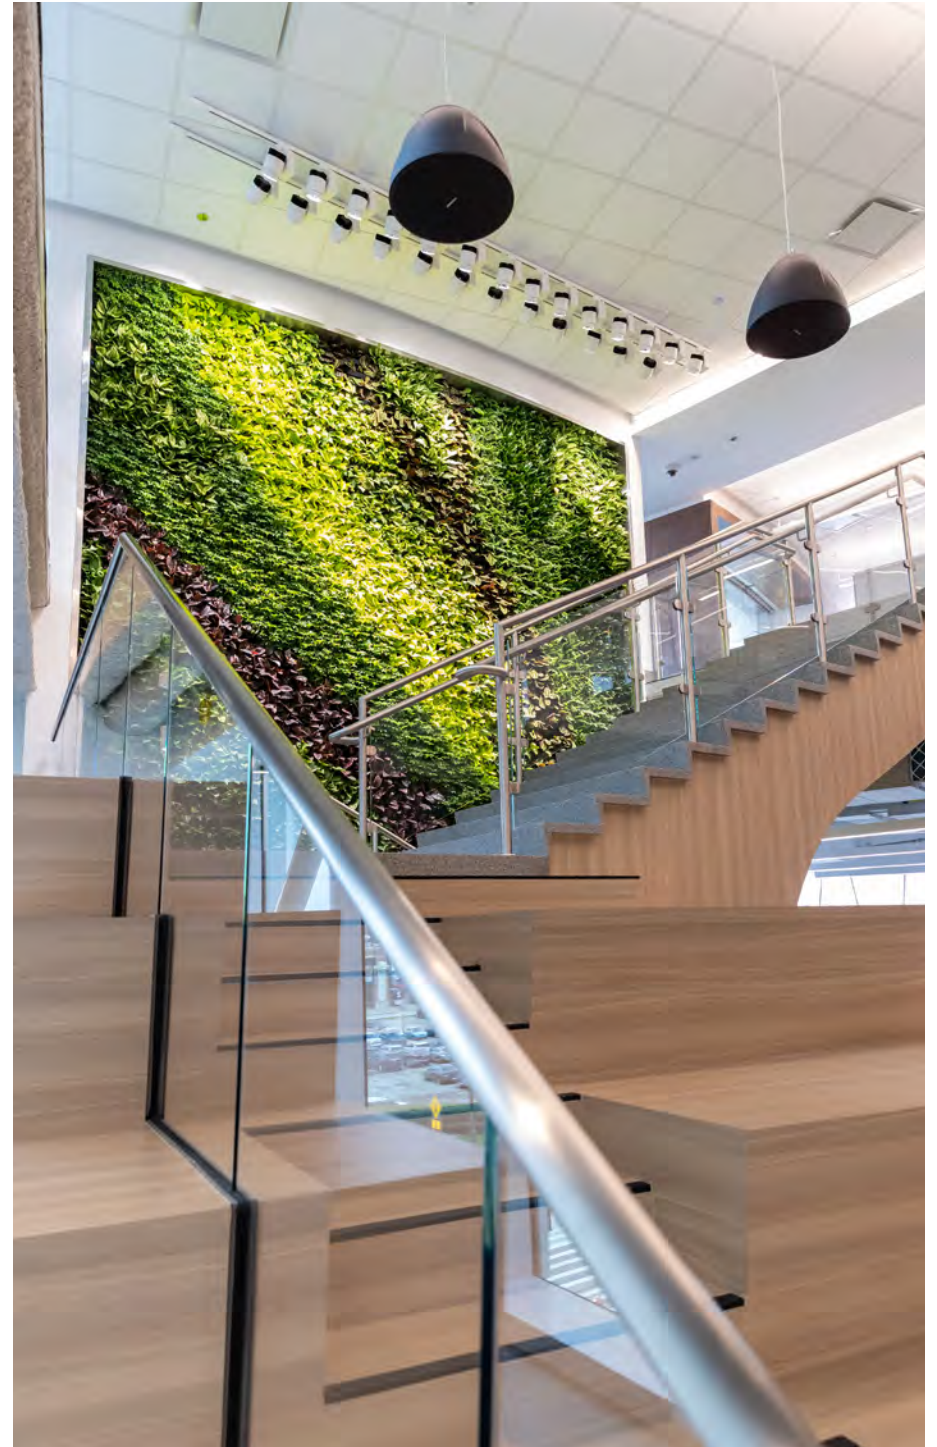

Planterra's design team has over 50 years of experience in interior landscap design, installation and maintenance. We regularly collaborate with architects, designers, construction and facilities professionals on living walls, atriums, faux landscapes, holiday decor, horticulture exhibits and interior plantscape installations.

## Our Approach

We are more than just a service provider for plants and maintenance; we are designers at heart. Our approach is consultative, rooted in understanding our clients' goals for their spaces. We delve deep into your vision, guiding you from design and specification to installation and meticulous maintenance. Our commitment is to help you make the best decisions every step of the way, ensuring your space achieves its fullest potential.
